EXPERIENCE

2017 - Present
Starbucks | Shift Supervisor
Executing store operations by deploying partners, delegating tasks, and providing an amazing experience for customers.
* Partner of the Quarter (Q3 2017)

2016 - 2017
Stella & Dot | Frontend Developer
Developed as part of small, Agile teams for a large e-commerce platform. Redesigned static frontend and released a single-page application built with Angular. Personally responsible for: messaging system between customers and stylists, stylist profile pages, email unsubscribe, third-party integrations, social sharing features, prerendering, and analytics.

2015
Coding Dojo | Apprentice Instructor
Led students in four-week courses on HTML/CSS, LAMP, Node.js, and Ruby on Rails. Provided code reviews, project coaching, daily subject lectures, and demos. Also mentored recently graduated students on deploying projects and creating a portfolio.

September 2013 - December 2014
Propel Insurance | Account Manager
Managed over one hundred commercial insurance portfolios for non-profit organizations. Received PROP award, nominated by colleagues for outstanding service.
